

2023 VET School-Based Certificate Courses

Obtaining an Industry Standard Qualification is an important aspect in creating future career opportunities.

Balga Senior High School utilises external Registered Training Organisations (RTO's) which are responsible for the completion of the quality assurance process for the delivery of Certificate courses.

Currently students have the opportunity to participate in the following programs:

| RTO and Code | Course Code | Course |
|--|-------------|---|
|  RTO Code: 40548 | FSK20119 | Certificate II in Skills for Work and Vocational Pathways |
| | ICT20120 | Certificate II in Applied Digital Technologies |
| | SIS20321 | Certificate II in Sport Coaching |
|  HOSPITALITY GROUP TRAINING RTO Code: 0386 | SIT20316 | Certificate II in Hospitality |
|  COLLEGE OF SOUND AND MUSIC PRODUCTION RTO Code: 41549 | CUA20620 | Certificate II in Music |

There are many benefits to students who complete nationally recognised qualifications. Completing courses like the ones mentioned above may give students direct entry to the next qualification level at a State or Private Training Provider, make them more competitive in the employment market, and contribute to achieving the Western Australian Certificate of Education (WACE) in Year 12.
